### Baker’s Coffie House

In the surveys of Bilsdale carried out for the Feversham Estate from 1637 to 1826, the first mention of the Buck Inn is in 1782, when it is identified as Bakers Coffie House. John Baker lived there and farmed 10 acres. By 1826 it is recorded as Chop Gate Farm (18 acres) and combined with Ewe Hill (23 acres), tenanted by John Hugill.
